## TEMPORARY WATER SERVICE

The City of Bellmead offers its citizens temporary utility services as a courtesy. Temporary service is available to homeowners and contractors. The charge for temporary service is \$75.00 plus a \$30.00 service fee, for a total of \$105.00.

A temporary water account is good for 30 days and actual water consumption will be billed per the normal billing period. Temporary service can be set up once, after that time, if you need to have additional water service a permanent account will need to be established.

Garbage pick-up is **NOT** included as part of the service.
